
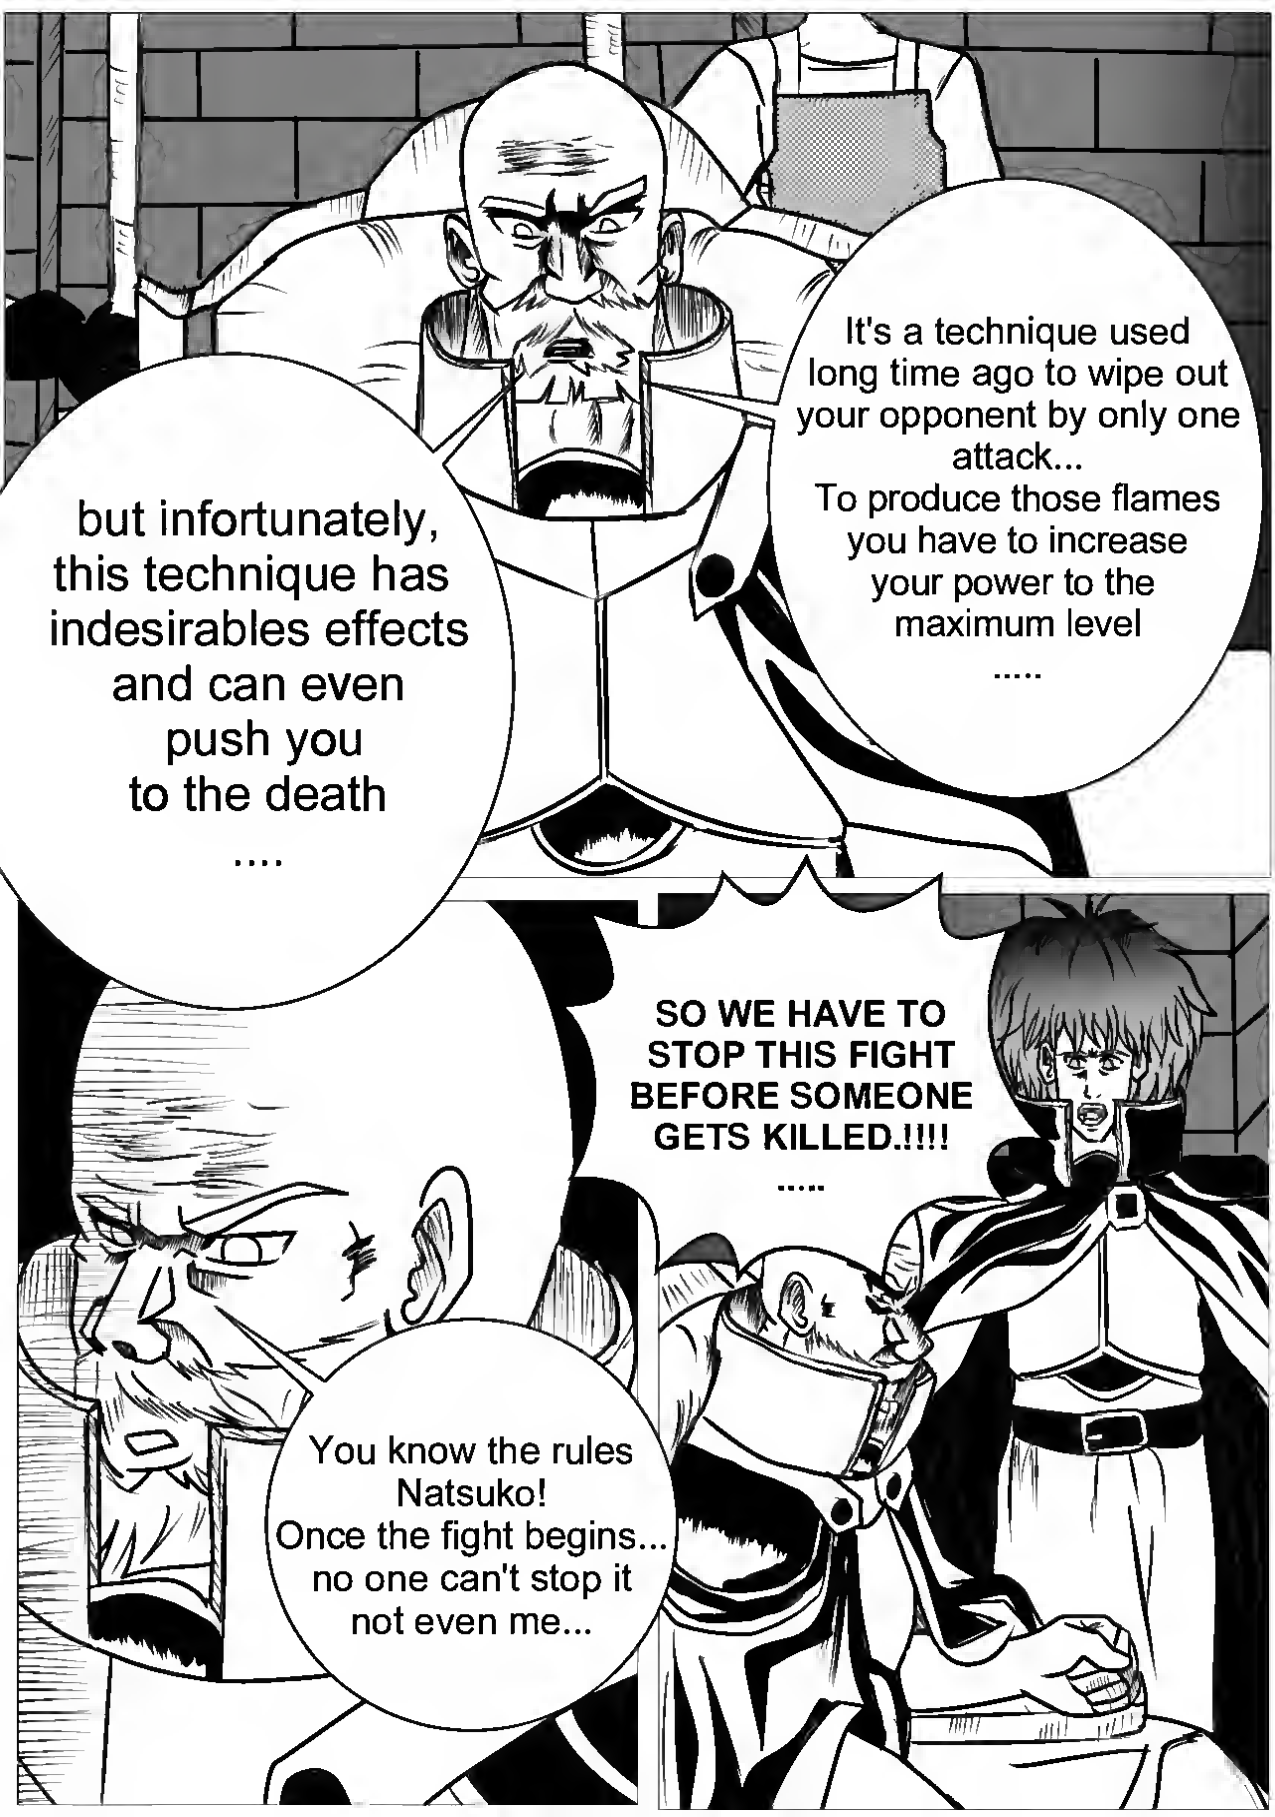
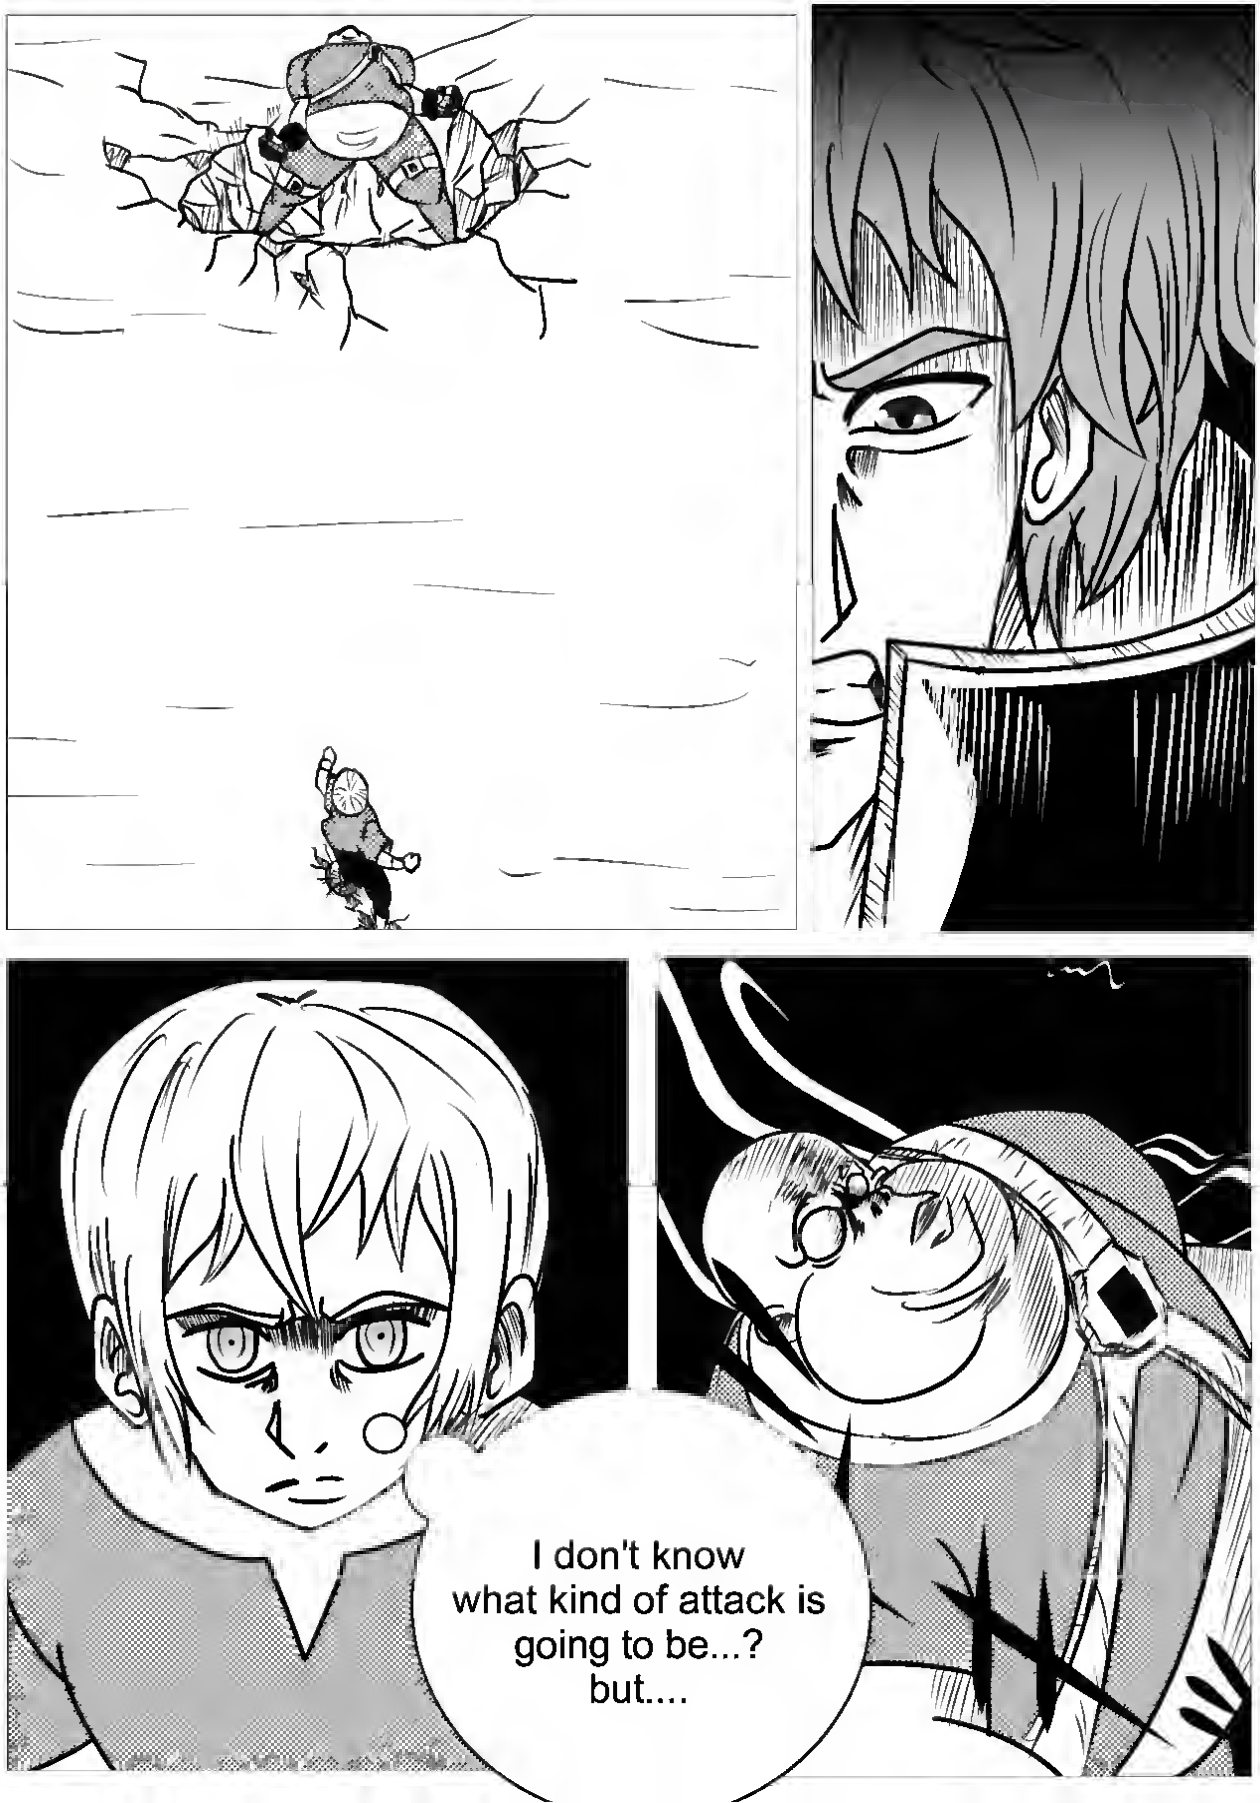
What a power..!!
So the rumor was true... this young boy has an incredible power and speed. I understand now how he got this far in this tournament. .....
.... I don't want to lose to this arrogant boy even if I have to use my last attack. I have to finish this fight quickly .....

DON'T
UNDERESTIMATE
ME!!!!!

He's increasing his power excessively .....
Huh...?
What...?
Don't tell me he's going to use the **death's flames**? .....
Death's flames...?

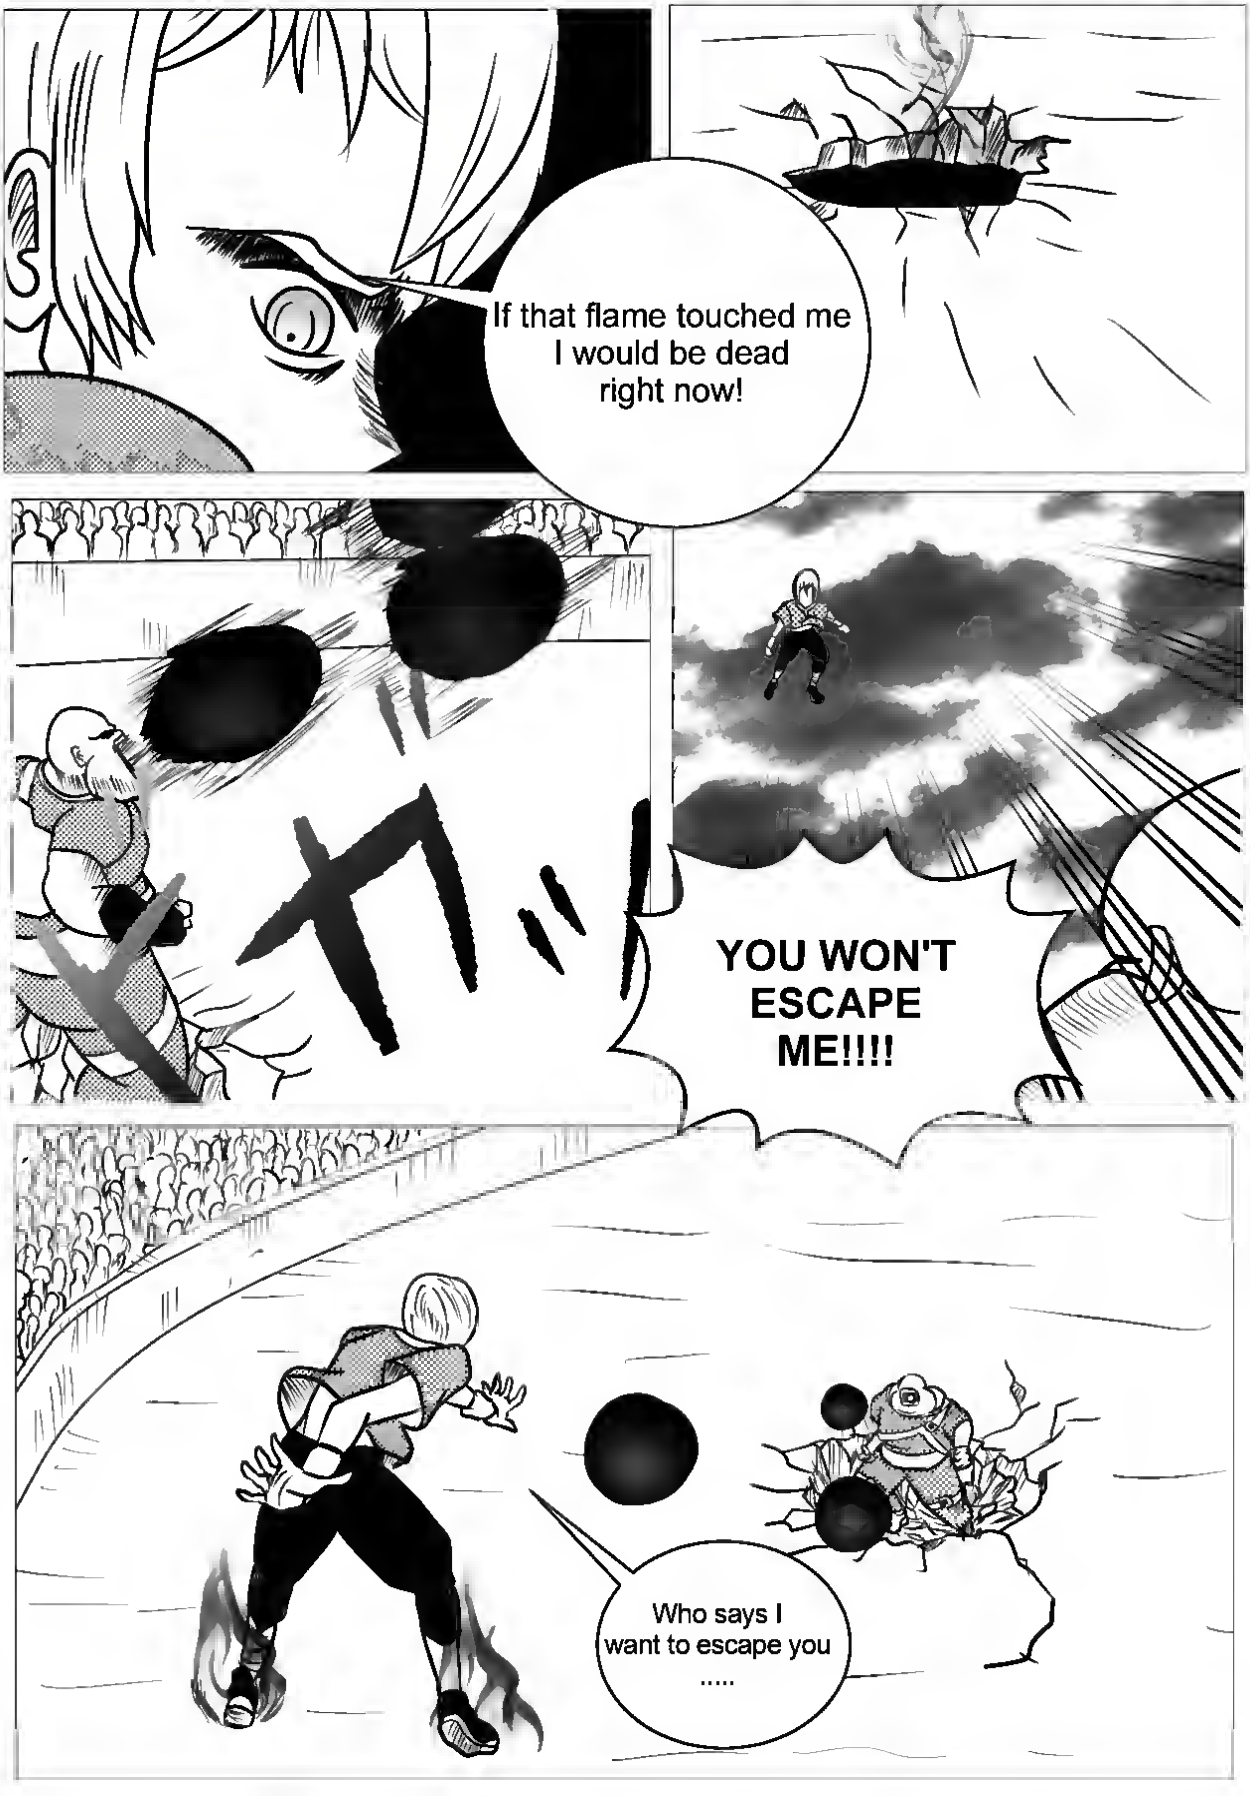


It's a technique used long time ago to wipe out your opponent by only one attack...
To produce those flames you have to increase your power to the maximum level
.....
but infortunately, this technique has indesirables effects and can even push you to the death
....
SO WE HAVE TO STOP THIS FIGHT BEFORE SOMEONE GETS KILLED.!!!!
.....
You know the rules Natsuko!
Once the fight begins... no one can't stop it not even me...



I don't know
what kind of attack is
going to be...?
but....

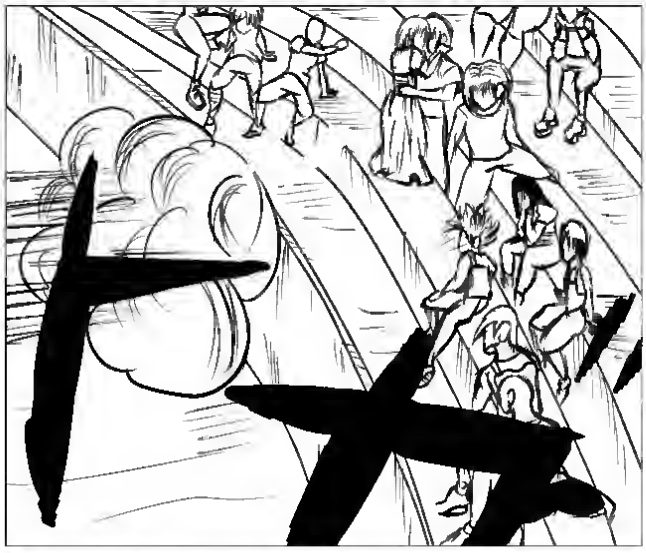
I'm not going to stand here ....
What is this?
BLARGH!!

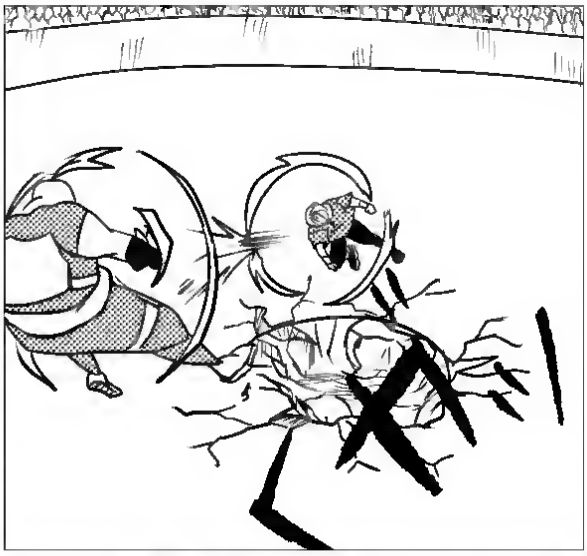


If that flame touched me I would be dead right now!
YOU WON'T ESCAPE ME!!!!
Who says I want to escape you .....

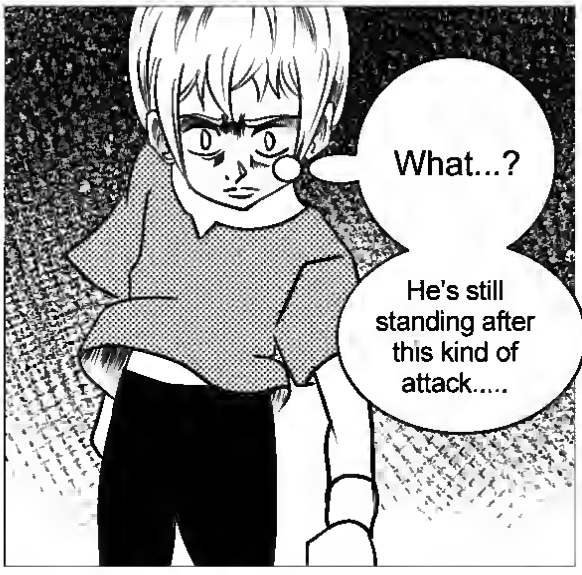
What...?
I just need to finish you with one punch....

FIRE PUNCH!!!!
.....

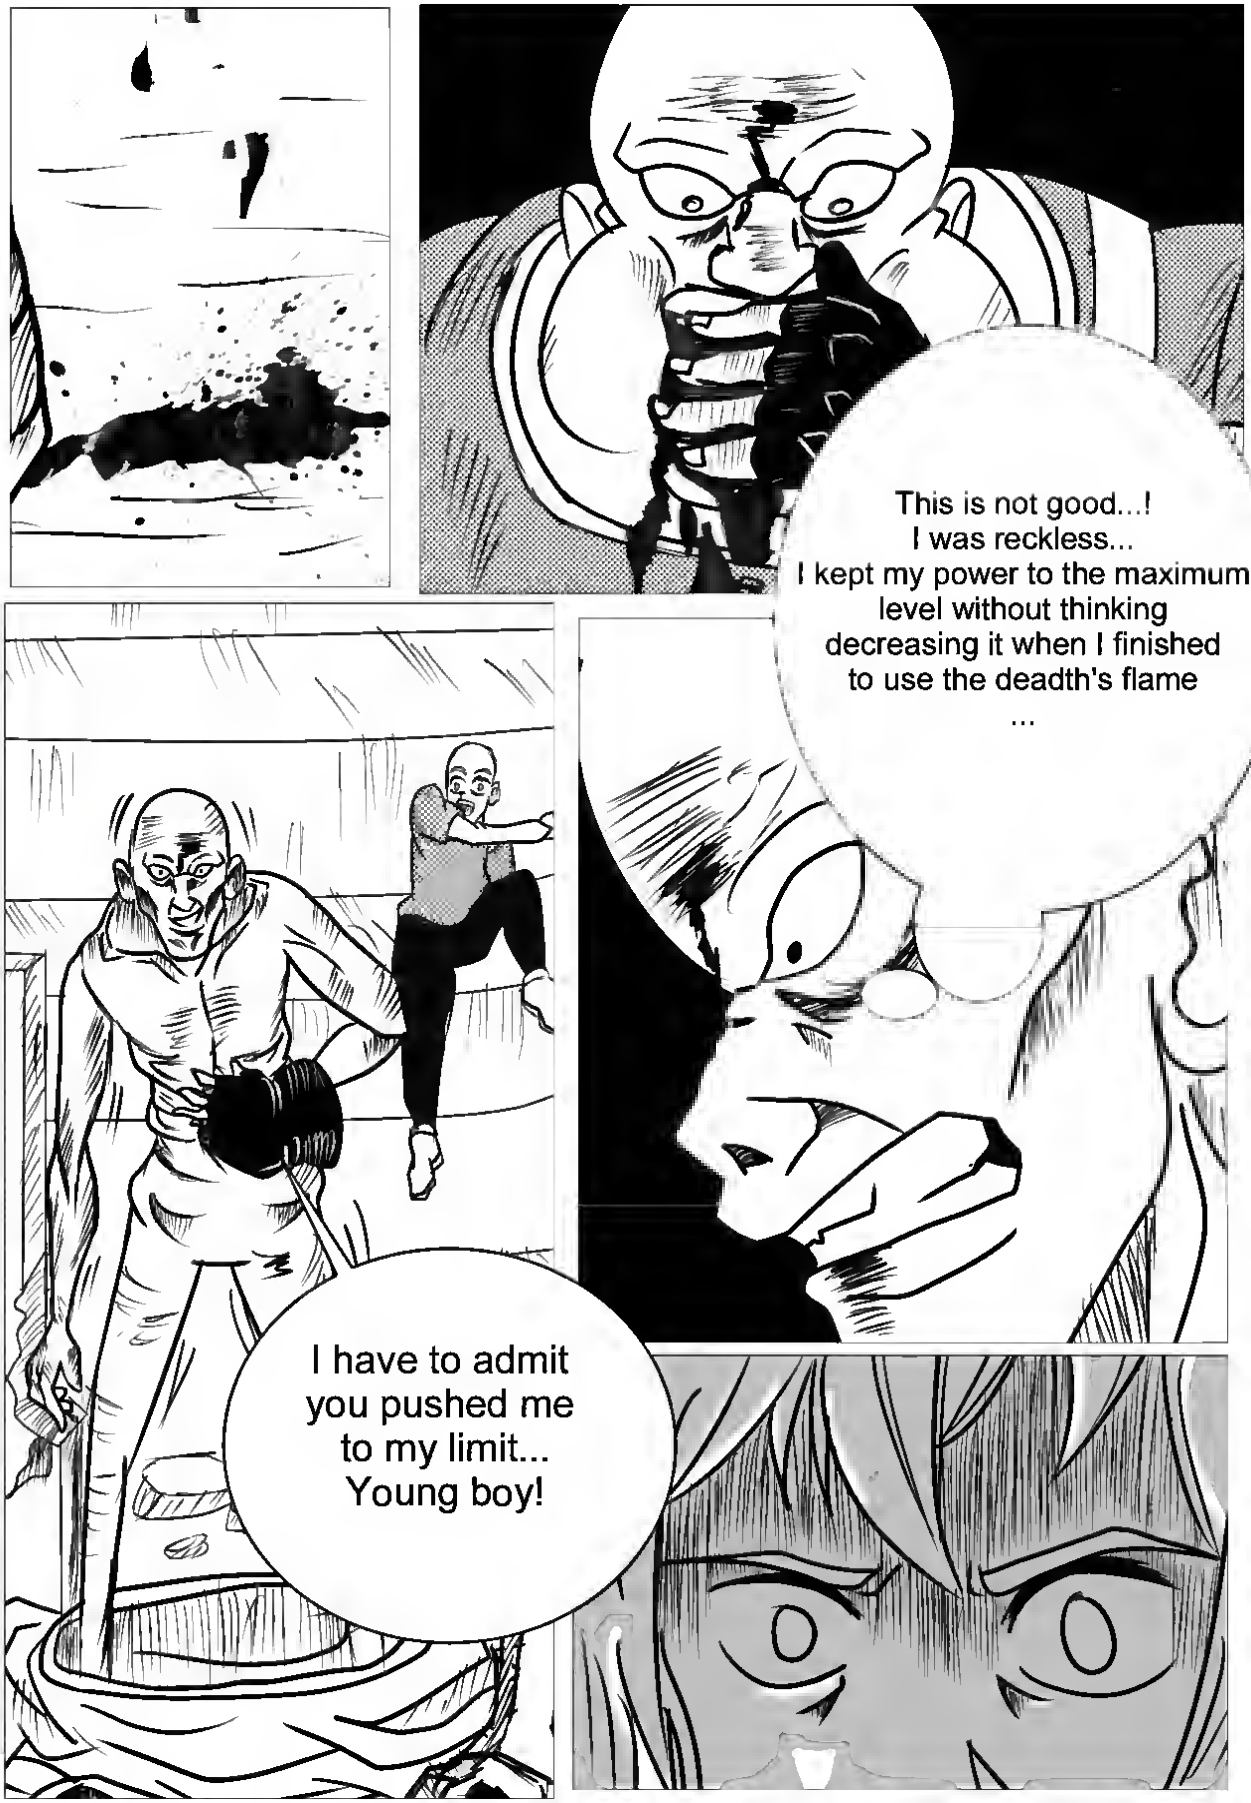




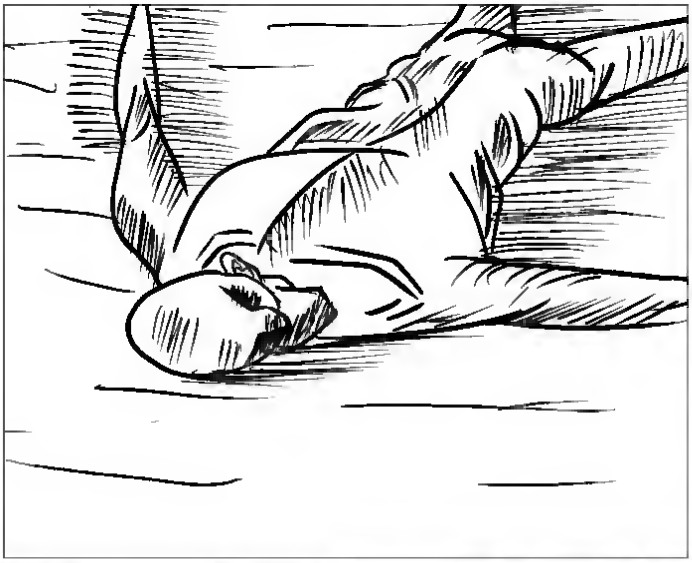
I'll kill you!!!!



What...?
He's still standing after this kind of attack.....



This is not good...!
I was reckless...
I kept my power to the maximum level without thinking decreasing it when I finished to use the deadth's flame
...
I have to admit you pushed me to my limit... Young boy!



Yeah! for some reasons his body changed the form...
Did you see that..?

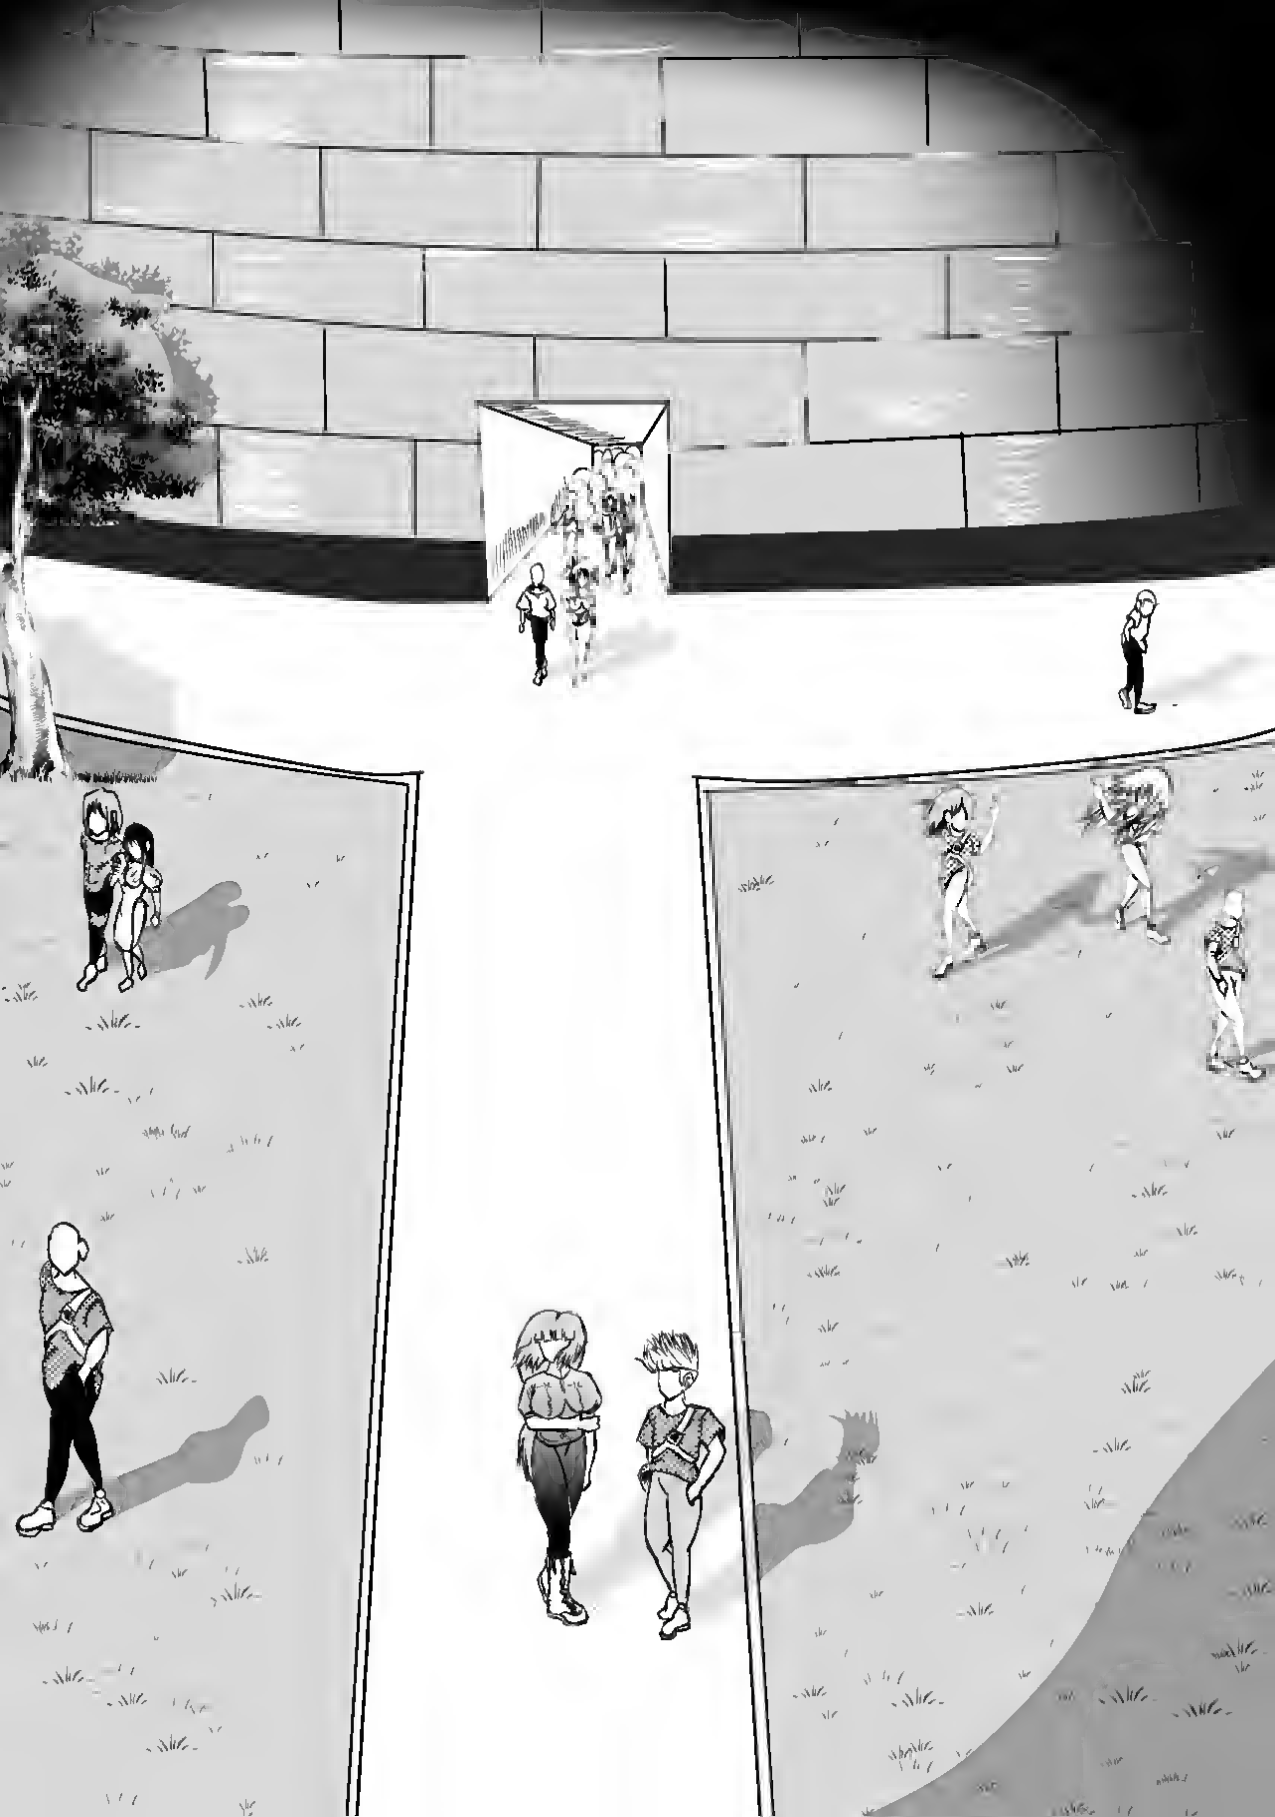
I don't know.....
What happened? ...

To use the death's flames constantly... you have to maintain your power to the maximum level ....

That's the bad side of this technique ....

That's good for you! Natsuko! your brother managed to win this fight....
Otherwise if your power is not keep to the maximum level . You won't be able to use it simultaneously in an attack... I assume Dakushi wanted to finish this fight quickly but he didn't think decreasing his power
He's gone before me again.....
SEIKO AGASHI WON THE SENIOR TOURNAMENT!!!!
.....
He did it seina! .... our seiko won the tournament ..
Yeah!Seiko! you did it!

YOU!
PERVERT!
Let's
celebrate it
.....
seina!
What a
wonderful day....
Next time
you'll think twice
before
acting
...
Eh!
you didn't have to
hit me so hard
...
But why I don't
feel happy...?
I won the senior
tournament
.....



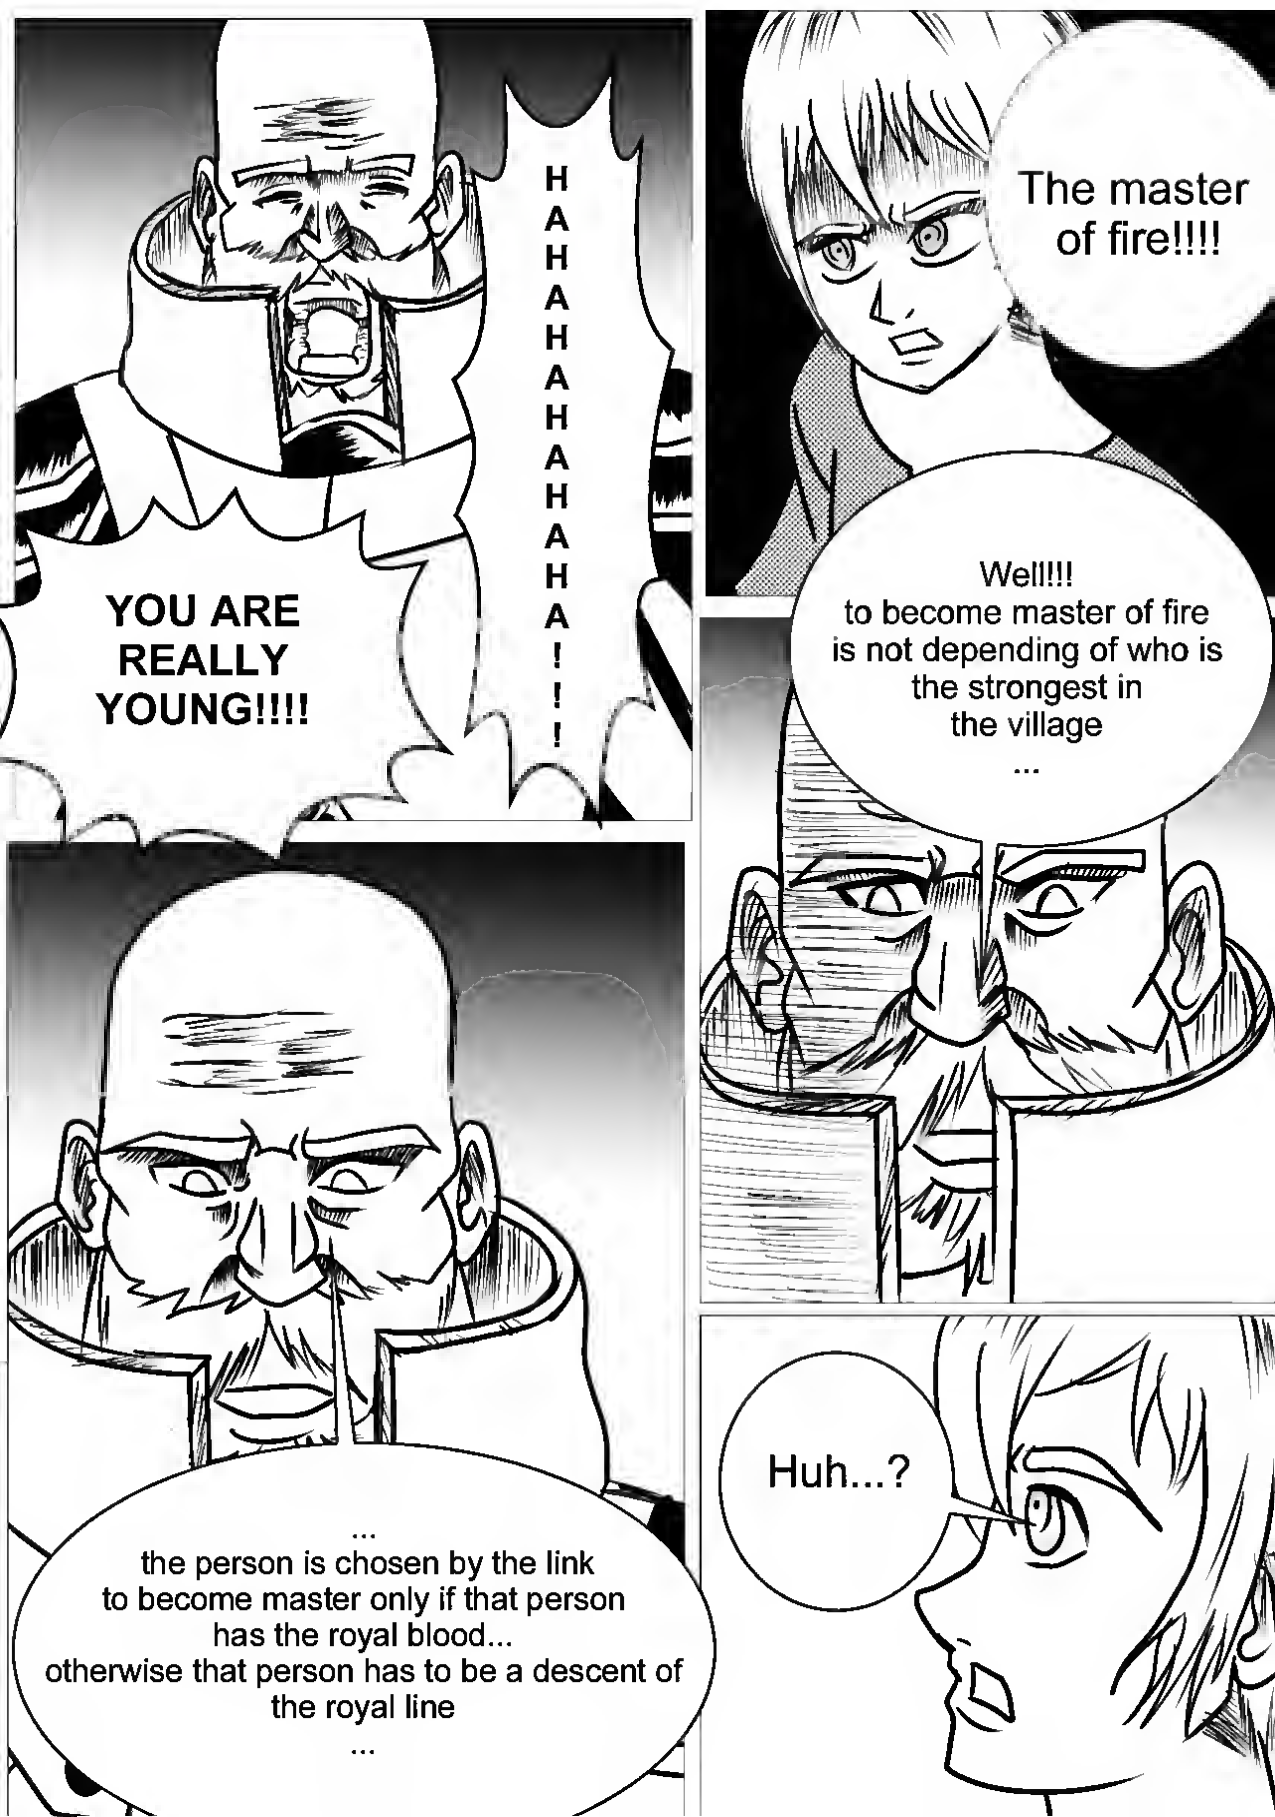
Don't you think Seiko is already in the palace?
Why are we still here?
We sould meet here... that's what he told me before the final started..
But he's already in the palace..!
hey! big brother!
Did you see that? I won the prestigous senior tournament ....

Do you really think you are the winner?
...
What...?
ENOUGH!!! I DON'T KNOW WHAT YOU EXPECT TO ME....
BUT I FINALLY DID WHAT YOU TOLD ME TO DO... I WON THE TOURNAMENT!

Or should I say...
Do you really think you could win if your opponent didn't lost his cool?
....
He was just too stupid to use a technique that require a lot of energy...
.
.
.
.
.
.
That's why I don't consider it as a victory and you should know that
....

Don't let him wait to long..
The king is waiting for you ....
knock
knock
Come in!!!
You called me sir....?
Seiko!! I was waiting for you .....

Well!!
Seiko Agashi
you are the winner
of the senior
tournament
...
And as in the tradition,
the winner are allowed to
be in the personal royal
guard of the king
.....
huh....?
Sorry sir!
I don't want
to offend you
...
but I don't want
to become your
royal guard...
so why did you
participed to this
tournament..?
To prove to my brother
that I'm not a kid
anymore..
I wanted to show
him that I'm strong
enough to become
....



HAHAHAHAHAHA!!!
YOU ARE REALLY YOUNG!!!!
The master of fire!!!!
Well!!! to become master of fire is not depending of who is the strongest in the village ...
... the person is chosen by the link to become master only if that person has the royal blood... otherwise that person has to be a descent of the royal line ...
Huh...?

That I can't become a master....
What's that means ...
